Maintenance Harness DuraFlex™ Miller®

Product information

Chest anchoring

Rear / dorsal D-ring

The DuraFlex™ vest style harness is a fall arrest and confined space harness. The innovative DuraFlex™ Webbing provides greater comfort for working at height and in confined spaces.

- Frontal d-ring for fall arrest.
- Rear fall arrest d-ring with 300mm extended dorsal dee for easy attachment of ancillary equipment. Extension with Velcro to secure over left shoulder.
- Equipped with confined space webbing loops for attachment to spreader frame.
- Vest style makes it easy to don.
- Equipped with label pack housing all relevant harness information including donning instructions, connection instructions and inspection grid. The self contained label pack is also equipped with an oversized pull-free lanyard ring, enabling the user to temporarily park the lanyard.
- Fully adjustable chest and waist straps.
- Fully adjustable leg and shoulder straps.
- All attachment points are clearly labelled and define the attachment's application.
- Brightly coloured webbing enables the user to be easily identified whilst working at heights.
