Portable Swivel Davit incl Pulley Man SD501

Product information

This davit crane is specifically designed to meet the needs of water treatment plants. Unlike other models with integrated winches, the winch is situated on top of the davit. This placement allows for a cable to be securely attached to a pump. Additionally, this davit is compatible with the Pulley Man, which means that lifting heavy loads of up to 300 kg requires no manual effort, making operations significantly easier and more efficient.

- Robust and safe lifting davit crane
- Ready to use in 5 seconds
- Easy to transport
- Suitable to use with a manual winch or Pulley Man
- Possible to rotate 360° due to the use of ball bearings
- Zinc plated finish

Options:

- ATEX certified zone 2 and 22 (EX)
- CE II 3G Ex IIC T4 Gc, -20°C<T amb <+70°C
- CE II 3D Ex IIIC T135°C Dc, -20°C<T amb <+70°C
