Swivel Davit Crane SD900 EV

Product information

With three adjustable positions, this crane effortlessly adapts to your lifting needs. Depending on the position, the lifting capacity varies; up to 900 kg at 1 meter, 800 kg at 1.5 meters and 600 kg at 2 meters.

Thanks to the 360 degree rotation function, you can easily reach the desired position. When in position you can lock the swivel motion for controlled lifting and lowering. The standard galvanized finish ensures durability, while you can attach various winches or even a chain hoist to the davit. Ideal for any project where strength and flexibility come together.

- Adjustable reach: 1 meter, 1,5 meters and 2 meters
- Possible to lock swivel motion
- Davit crane consists of 4 parts - fast installation
- Possible to rotate 360° with arm, or belt on end of boom
- Possible to mount different winches on crane: CW700 & TL1500
