Vest Style Harness Revolution™ Miller®

Product information

Rear / dorsal D-ring

The Miller Revolution Harness is a testament to true ingenuity and innovation. Featuring up to 11 key product features, this new addition fits into the premium product line as a vest style harness, with frontal and rear fall arrest attachment points, and confined space loops on the shoulders.

- Rear and frontal fall attachment points for use in various fall protection applications.
- Fully adjustable padded leg straps - designed to fit a greater range of leg profiles. Confined Space attachment points for use with a confined space spreader frame.
- PivotLink™ connection for enhanced ergonomics with unique hip rotation.
- ErgoArmor™ back shield with over-sized stand-up d-ring enables easier connection to ancillary equipment.
- Self contained label pack for improved compliance. The integrated pack contains all information, standard labels and inspection record.
- Web finials for easy webbing adjustment.
- Integrated accessory system for greater convenience. PivotLink™ provides attachment points for accessories including drink bottle holders, mobile phone holders and tool pouches.
- Custom Identification for better on-site coordination. Write on labels adhere to the harness back shield and enable the wearer to customise their harness with name, date of service.
