Pole Straps Miller®

Product information

The Miller® Pole Straps are fully adjustable straps, allowing various work positioning applications.

- The Pole Strap adjuster enables quick and easy changes to the length of the strap.
- Adjuster is located on the hook and is within easy reach of the worker.
- A protective sleeve assists in maintaining the life of the strap.
- Designed for use so that it is constantly in tension once it is in the position.
- The Pole Strap is capable of being positively secured when passed around a pole or similar structure.
- Minimum adjustment down to 900mm.
- Double Action 9mm Hooks on each end.
