

## Lever Block Pacific

### Product information

The extensive range of Pacific Lever Blocks feature superior quality at an affordable price. They are suitable for applications in the mining, construction, transport and automotive industry.

#### Features:

- "T" type hooks for improved load holding integrity (except for the 250kg capacity).
- New design double pawl safety springs to eliminate sticking
- New style cast hand wheel for added strength and durability
- Encapsulated needle bearings and side plate bearings for smoother operation.
- Brake lockout bearing for security of braking mechanism.
- Key internal components are CNC machined before being heat-treated and toughened.
- Fitted with high quality European zinc plated Grade 80 load chain.
- No aluminum content which ensures suitability for mining applications.
- Overall better design and improved finish to prolong life expectancy
