

Rigger's Harness DuraFlex™ Miller®

Product information

The DuraFlex™ Rigger's fall arrest, confined space and work positioning harness is a vest style harness. The innovative DuraFlex™ Webbing provides greater comfort for working at height with pole straps or in confined spaces.

- Frontal d-ring for fall arrest.
- Rear fall arrest d-ring with 300mm extended dorsal dee for easy attachment of ancillary equipment. Extension velcros to front of harness over left shoulder.
- Work positioning side d-rings for working with pole straps.
- Equipped with confined space loops for attachment to spreader frame.
- Vest style makes it easy to don.
- Equipped with a label pack housing all relevant harness information including donning instruction, connection to instructions and inspection grid. The self contained label pack is also equipped with an oversized pull-free lanyard ring enabling the user to temporarily park the lanyard.
- Fully adjustable chest strap, shoulder straps and leg straps.
- Back pad offering greater back support and stability.
- All attachment points are clearly labelled and define the attachment's application.
- Brightly coloured webbing enables the user to be easily identified whilst working at heights.
