Energy Absorbing Lanyards Miller® SS TAK Ends

Product information

Single lanyards are generally used in various fall arrest situations and are designed to limit the force of a sustained fall to under 6kN.

NO PICTURE

- Features an external energy absorber which allows for visual indication of a sustained fall.
- SS TAK each end.
- For use in fall arrest situations where the free fall does not exceed 2 metres.
- When estimating free fall distances, the extension of the energy absorber must be taken into consideration. The maximum energy absorber deployment is 1.75 metres.
