Fall Protector Miller® Turbolite XT E Twin Steel Scaffhook

Product information

NO PICTURE

The TurboLite EXTREME Edge with a Single Steel Scaffhook, is a Personal Fall Limiter designed for use in sharp edge applications with radius ≥ 0.5 mm. It is equipped with an easy to install shock-absorbing connector system and galvanized cable lifeline. Workers are safe in applications requiring foot-level tie-off or work near edges.

Features

- Lightweight, User-Friendly, Harness Connector, Lightweight Edge Connector increases productivity by reducing worker fatigue. Effortless pin action allows for quick, easy installation, without the need to attach any additional straps.
- First-Rate Connector Durability, Corrosion and abrasion resistant anodized aluminum results in a longer product life and lowers the cost of ownership.
- High-Impact Resistant Nylon Housing, Provides ultimate durability extending product's service life.
- Lifeline Reliability, Galvanized cable are highly resistant to abrasion, cutting, and caustic chemicals.
- Free-Floating Shock Absorber, Acting as a pad between the units and the worker, the freefloating shock absorber keeps the worker cooler, conveying great comfortand wearability.
- Great Mobility, Swivel connectors on units and free-floating harness connector allow for excellent maneuverability in any working environment.
- Durable Entry Guide Bushing, Comprised of an oil impregnated composite, the entry guide bushing protects the lifeline and housing fromwear, lengthening.

Certified to VG11 (Rev 08) edge tested.
