Double Action Karabiner Honeywell 502

Product information

NO PICTURE

The 502 Karabiner acts as a connection point between a harness and an ancillary fall arrestor, or between a fall arrestor and anchorage point. This connector is convenient and lightweight, offering the worker more mobility.

- Kwiklock, twist and open latch mechanism
- Pear shape
- 35kN strength in a straight pull
- 19mm alloy thickness
- Opening 65mm
- Optional captive pin
