Shackle Rak 1 Mobile Shackle and Loose Rigging Gear Rack

Product information

The Shackle Rak is double-sided mobile rack with a heavy duty base, and a capacity of 200kgs. It is suitable for the storage and safe handling of shackles and all variety of loose rigging gear, including (but not limited to) eyebolts, eyenuts, soft slings and smaller lever hoists and chain blocks.

The ShackleRak has a narrow wheel base, making it ideal for navigating through narrow aisles and work areas. It comes in 3 standard models to suit your storage needs.

- Supplied with heavy base tray for keeping hand chains, large slings and low slings and chains off the ground.
- Has 4 castor wheels, 2 of which are lockable
- Engineered Design
- Meets relevant Australian Standards – supplied with Certificate of Conformity.
- Comes standard in kit form and is easily assembled.
