

Pallet Truck 2.5t CHALLENGER

Product information

The Challenger Hand Pallet Truck is a cost effective alternative to forklifts. This unique cast iron pump design features hardened and chromium plated piston and ram, along with top of stroke and overload bypass valve. The articulating axle provides easier handling and control on uneven floor surfaces.

Features:

- Ergonomically designed handle with fingertip control.
 - Special lowering valve allows control of descent rate
 - The flow-regulating valve enables controlled speed with or without load
 - Nylon steer wheels with double sealed bearings for quiet operation and long life
