Anchor Point Spanset Quattro

Product information

The Spanset® anchor point is designed for securing persons and is suitable for mounting on concrete, steel and wood.

The «Quattro» is the only anchor point on the market that can be used by 4 people at the same time. Almost never so many people work in such a small space ! That may be, but nevertheless the «Quattro» has an advantage over conventional anchor points. When used by 3 people, there is still one eyelet free for attaching a rescue system. The simple assembly and the very good price-performance ratio make our new anchor points the first choice when it comes to ensuring a safe anchorage
