

Polypropylene Fibre Rope 3-Strand, Green

Product information

Polypropylene ropes are strong, highly abrasion resistant ropes. These ropes are easy to work and knot, are UV treated and have good weathering properties. Ideally suited to; marine, construction, mining, trucking, rural, commercial, fishing, petroleum and general industrial applications.

Features:

- Tough, abrasion resistant
- High strength to weight ratio
- UV stabilised with excellent weathering properties
- Excellent handling and splicing properties
- Unaffected by water
- Resistant to oils, petrols, common solvents, bacteria and fungi

Material: Polypropylene
