Aquatec Rope (PP/PE) 3-Strand

Product information

Polypropylene/ Polyethylene crushed mono yarn blend in 3 strand construction with the optimal lay for higher strength, excellent abrasion resistance and splicing. Aquatec Rope is ideally suited to applications of marine fishing and heavy industrial use where reliability is key. Beware of imitations, Donaghys Aquatec Rope has a distinctive Green with Gold mark colouring.

Features:

- Abrasion resistant
- High strength to weight ratio
- Shock load resistant
- UV resistant with excellent weathering properties
- Excellent knotting and splicing
- Not affected by water

Standard colour is Green with Gold Fleck. other colours available on request
