

Lockjaw Climbers Bag - 10kg

Product information

Durable, lightweight, and equipped with multiple tether anchor points, the GRIPPS® Lockjaw Climbers Bag ensures that tools are securely tethered and easily accessible, whether they are inside or outside the bag.

A reliable zip closure ensures the safety and security of contents during transportation, while an integrated metal-snap mechanism keeps the bag open and the contents readily available when in use on the job.

Inside the bag, heavy-duty tether anchors complement an array of external tether anchor points, guaranteeing that tools remain tethered throughout all stages of the job. Additionally, inner sleeves help organise tools within the bag for efficient storage.

Features:

- Heavy-duty tether anchors installed inside and outside the bag.
- Heavy-duty zip closure for security against contents falling out.
- Metal snap-mechanism holds bag open or snaps it shut.
- Inner pockets for tool organisation.
