WallBuddy 13 Storage Rack

Product information

The WallBuddy 13 is a simple, cost-effective way to safely store lightweight rigging equipment, ideal for a small workshop or garage where floor space is tight.

- 7 hooks on the bottom for storing lightweight rigging equipment
- 6 smaller hooks on the top for storing auxiliary items eg. smaller shackles and eyebolts
- Comes with 2 masonry bolts
- Can be mounted onto a brick or concrete wall
- Meets relevant Australian Standards – supplied with Certificate of Conformity
