Height Safety Anchor Point GEOMET

Product information

Townley's GEOMET Height Safety Anchor Point is a robust fall protection anchor point, precision-engineered for both safety and performance. Constructed from high-tensile alloy steel, it delivers exceptional durability and reliability. With a rated capacity of 1–2 persons (21kN), it is designed to provide secure attachment points for various height safety systems.

This anchor point is available in both long and short series bolt options.It is designed to meet exacting safety requirements, making it the ideal choice for professionals working at heights.

Compliance Plates are also availableon request.

Features:

- Rated Capacity: 1 – 2 Persons
- Long and short series bolt options
- Non-removable bolt
- 100% Crack Detection
- Made in Australia

Load Ring:

• Rated Capacity: 1 - 2 Persons
• Alloy steel construction
• Long and short series bolt options
• Non-removable bolt
• 100% Crack Detection
• Made in Australia
• AS/NZS 5532:2013
